

BUILDINGS BULLETIN

e-Newsletter

BUILDINGS Bulletin, written twice-weekly by an award-winning content team, gives owners and facility professionals both up-to-date news and in-depth solutions for maintenance and operations.

The focus is on all building systems and equipment in commercial buildings, with some issues being dedicated to a single weekly subject covering some of the most pressing areas in the commercial building market:

- Energy Management
- Roofing
- Lighting Retrofits
- Data Centers
- Internet of Things

BUILDINGS Bulletin is created for viewing on tablets and mobile devices.

CONTENT FROM MODULAR BUILDING INSTITUTE
CHANGING THE WAY THE WORLD BUILDS – GREENER, FASTER, SMARTER

The Modular Building Institute (MBI) is the international non-profit trade association serving modular construction. Members are manufacturers, contractors, and dealers in two distinct segments of the industry - permanent modular construction (PMc) and relocatable buildings (RB). Associate members are companies supplying building components, services, and financing. MBI strives to keep up with the latest trends of the modular/multi construction industry and has expanded its membership over the years to include architects, engineers, and general contractors.
