

Lead Generation:

Deliver quality leads right to your inbox.

Our Lead Generation product produces quality leads from your white paper, case study, software package or catalog exposure. BUILDINGS Web site is host to 126,737 users each month looking for product solutions and real-world applications to solve their facility needs. Our Resource Center on BUILDINGS.com is the perfect place for your literature to be seen while generating you valuable leads each month.

Feature your 150-character text write-up to describe your whitepaper, case study, software package or catalog, along with your company logo in our Resource Center. We leave your listing posted for 1 full year in our Resource Center on BUILDINGS.com

We drive traffic to your offering with direct e-mail campaigns, banners and text sponsorships on our site and in our e-Newsletters.

RATES	
1 Year Listing	\$3,500
Conversion of your PDF into a "Page-Turning PDF" document	\$500 per document

FACILITIES PROFESSIONALS REPORT THAT SERVICE CONTRACTS EXTEND EQUIPMENT LIFECYCLES AND REDUCE ENERGY COSTS

BROUGHT TO YOU BY SIEMENS

The continual rise in energy costs and the focus on energy efficiency are ever greater concerns for facilities professionals. This research surveys facilities professionals' attitudes and expectations for in-house staff and outside service-contract providers, and offers cost-saving insights into operations and maintenance.
